CONGRESS

APRIL 27-29, 2022  
VILAMOURA - PORTUGAL

Orchard Therapeutics invites you to attend  
their sponsored satellite symposium

## Understanding the impact and unmet needs in Wiskott–Aldrich syndrome

**Join us!**

Friday  
**29 April**  
2022

**13.45–14.45**  
Western European Time  
Fenix Room  
(1st floor)

### Speakers

**Dr. Simon Hawkins**  
Senior Director,  
Clinical Development  
Orchard Therapeutics,  
United Kingdom

**Dr. Susan Walsh**  
CEO  
Immunodeficiency UK,  
United Kingdom

**Federico Frascetta, RN**  
Research Clinical Pediatric Nurse  
San Raffaele Telethon Institute for  
Gene Therapy, Italy

### Learning objectives

- Learn about Wiskott-Aldrich syndrome (WAS), including how it is diagnosed and managed
- Appreciate the impact and challenges faced by those affected by the disease
- Acknowledge the limitations of the current standard of care for patients with WAS
